

Stars In Their Minds Professional Karaoke

What makes a karaoke event special?

We have three answers to this…

- Charismatic host(s)
- A large choice of music
- State-of-the-art equipment

You would be surprised to learn how many karaoke providers fail to pay attention to these criteria.

When we first started putting on karaoke shows, we set out to be the best in the business. We wanted all of our shows to look good, sound great, and have the best presentation available. The STARS IN THEIR MINDS karaoke show was born.

Our karaoke music collection is one of the biggest in the business, spanning over nine thousand tunes after de-duplication. (This is important, as many karaoke suppliers boast high numbers, but that includes multiple copies of the same songs).

For our larger shows, we provide high quality radio microphones and can project live images of the singer(s) performances all over your venue.

Our karaoke hosts are among the best on the circuit. All are highly experienced, well-presented, courteous and sensitive to the audience’s mood. Each will often sing several songs at the beginning of each event to help to warm up the atmosphere and then will go on to encourage the crowd to join in the fun.

Our prices vary from £150 to £1000, depending on the size of the show, the length of the event and the distance we need to travel.

Below are illustrated our smallest and largest rigs...

Bronze Karaoke Rig

For small venues where space is a premium

Prices start from £150

Platinum Karaoke Rig

For larger venues

Prices start from £400

Optional starcloth backdrop extra £100

Please note that the equipment supplied at an event may vary slightly from the illustrative photographs above
