

Live Music - bands, tributes, jazz duos, solo artistes, string quartets

There is nothing like live music to bring life to your event

With over twenty years of experience in music management, we have built up a huge selection of live artistes and bands which can cater to any event.

Whether you are looking for a tribute act, such as Frank Sinatra, Elvis, Tom Jones, Robbie Williams, George Michael, Abba, The Beatles, The Blues Brothers, or just a good covers band, we can find one to match your musical requirements and budget.

We only deal with performers which we have checked out in person. Therefore, each one that we recommend to you is reliable, professionally presented and of a high musical standard.

Prices vary according to the nature of each event and the distance the performers have to travel, but an indication of price would be…

- Solo guitarist/singer or duo from £150
- Solo tribute artist or duo from £250
- Live four/five-piece band from £400
- Jazz duo/trio/quartet from £250
- String quartet from £400

If you require, we can also provide real celebrity bands and acts through our network of music agents, so if you want the real Robbie Williams or Kylie Minogue to perform at your party, we may be able to arrange it.
